BIG SNOW LEFT HERE IN HURRY

Two Small Bridges Washed Out by Heavy Rains Which Swept "The Beautiful" Away

The big snow of 1917 left as quickly as it came. Old weather men say no snow of its depth has been known in this part of the state since way back in the 80s. A two-foot depth was registered in many places on the level, and everything was brought to an almost complete standstill for the first day or two.

A heavy and incessant rain which started Sunday, became almost a torrent Sunday night, and the "beautiful" disappeared rapidly, so that by Monday morning, only in places where it had drifted was there a vestige left. For a time creeks were out of bounds, and a tremendous flood was threatened. The quick fall in temperature of Monday morning, however, checked this threatened danger. It rained so hard and so much, however, that considerable owners, a number of farmers reporting severe loss from too much water.

Of course the snow and subsequent rains did a lot of damage to the roads. Two bridge culverts were reported to County Road Engineer McKee Riffe Monday, as having been washed out by high waters. One was on the Knob Lick pike near the farm of P. L. Beck and the other was near the tunnel at King's Mountain. Mr. Riffe, who is greatly handicapped just at present by the county being out of road funds, and therefore unable to employ labor, got out the big auto truck and went at the job of repairing them himself as best he could.

A Very Thoughtful Man

About the cleverest and most accommodating man we know of, is Mr. Frank Lawrence, out on Route No. 4. During the recent heavy snow Mr. Lawrence constructed a drag and with the assistance of Mr. J. B. Anderson cleaned the snow from the center of the pike, the full length of the Preachersville pike and as far as Mrs. J. J. Thompson's on the Crab Orchard and Lancaster pike which made it much easier for the traveling public and for the Penny Picker that traveled that way to make his daily rounds for which he is very grateful.—J. B. Sartain.

DANVILLE'S NEW HOSPITAL

Danville will have a new \$40,000 hospital building. This became known early in the week when the Danville Hospital Committee purchased from C. C. Bagby his property on South Third street, and announced that a large fireproof building would be erected as soon as the weather permits. Plans for the building will be ready within a short time, and it is the hope of the committee that the building will be ready for occupancy next fall.

In Five Minutes! No Indigestion, Gas Or Sour, Acid Stomach

The Moment "Pape's Diapiesin" Reaches The Stomach All Distress Goes

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmless-ness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world. 7-1

Nice Commencement

Prof. Moser's School Will Give Two Delightful Entertainments

February will soon be with us again and in many schools it will bring joy and happiness because it is the closing time of the school year. It is generally the custom for each school to celebrate the "Closing Day" but a scheme is being worked at this year that is hoped to prove to be a great educational value. Last fall it was suggested by the faculty that each should give tests at the end of every month and all who should secure a yearly average of 75 per cent. or over were to be promoted. It was also proposed that at the last of school appropriate exercises be held. The plans were made and examinations were held every month, the questions being based on the work outlined in the syllabus. It has not been customary in this part of Kentucky for the public schools to have an eighth grade commencement but this is the way the Moreland Bellevue Public and Graded school is to celebrate its "Closing Day."

The first annual commencement of the eighth grade will be held at the Christian church at 7:15 P. M., Thursday evening, Feb. 1st. The members of the class are: Betty Elizabeth Nickolson, Lottie Merriam, Thelma Owens, Grace Ellis, James Lee Pipes, Raymond Durham, Edgar Taylor and William King. They are young men and ladies who any teacher or school would be proud to give a certificate showing their excellent merits. Everything that is found in a graduating class curriculum, this one has tried to secure. They have selected "Bound to Win" as their motto; green and white as colors; rose as flower and beautiful class pins have been gotten. Written invitations will not be sent, but the faculty and class extend a cordial invitation to all who desire to attend.

The commencement exercises will consist of music both instrumental and vocal; essays by each one of the class and at the last an address by Prof. Chas. Keith of Eastern Kentucky State Normal, which the school is very lucky in securing. He is instructor of History of that splendid school and no doubt will bring us a splendid message.

On Wednesday evening, Jan. 31, at Huana & Coffey hall, the eighth grade will present their play, entitled "From Pumpkin Ridge". It is a five act comedy and is a perfect scream from beginning to end. There also will be other parts to the program that will not do to miss. Admission of 25 cents will be charged and we think what we will give you will be worth the money. Several expenses are to be met and a full house is asked for.

With these exercises another very successful term of school will close. The teachers and pupils desire to thank all who have helped to make it so.

Prof. Moser leaves immediately for Richmond Normal and Miss Penney will go in the spring to Bowling Green Normal, where they desire to grasp still more of the pedagogical truths. They will be back in July with more vim and vigor than ever for a prosperous school.

WILSON REAL PEACEMAKER

In an address to the United States Senate, President Wilson has made known the things he considers necessary to a lasting peace at the conclusion of the present war. In outlining his ideas, the President suggested virtually a world-wide "Mongro Doctrine" in which he said the United States could not withhold its participation. The freedom of all people to work out unhindered their own policies; the avoidance of entangling alliances; free outlets to and the freedom of the seas, and the limitation of naval and military armament were the main things to the desired end, the President said. Senator Ollie M. James and some others of the Kentucky delegation endorsed the speech. In some quarters the speech was criticised as a departure from the policy of "no entangling alliances" upheld by Democratic leaders in the past.

The Habit of Taking Cold

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible, bath every morning when you first get up out of bed—not ice cold, but a temperature of about 30 degrees Obtainable everywhere.

Government Building

\$5,000 For Site In Stanford In Bill Passed By Congress

A telegram from Congressman Harvey Helm last Friday brought the news to Stanford that the House of Congress had passed his measure appropriating \$5,000 for the purpose of purchasing a site for a government building in Stanford. Congressman Helm has been working on this matter for some time, and everyone was greatly pleased that he was able to get it included in the omnibus public buildings bill which went through the lower house.

The daily papers, however, gave little encouragement that the appropriation will finally be secured at the present term of congress. The bill which contained the Stanford item also provided for public buildings in all sections of the United States, among which were \$25,000 for a building at Barbourville and a like amount for a building at Eminence. The total amount of appropriation carried was \$38,000,000, and the Cincinnati Enquirer said that President Wilson had stated that he will veto the bill if it passed the senate and came to him. On the other hand it was stated that the chances of it ever seeing the light of day in the senate were very slim, so that Stanford as yet is a long way from a government building.

Congressman Helm has stated that he will press the matter with all of the power at his command from now on and enlist all of the support possible from senators. The bill was bitterly fought in the house by a number of members who charged that it was nothing more or less than a whole-sale grab into the treasury. However, other towns have their public buildings and many of them much smaller than Stanford, and if such a "grab" is to be made into the national treasury and it usually is at each term of congress, Congressman Helm is not going to be censured around these parts for doing all he can to get a building for his home town.

Dr. Carpenter Praised

Dr. McCormack Says He Is Most Efficient Health Officer

The Lincoln County Board of Health has been congratulated by State Sanitary Inspector J. N. McCormack over the re-election of Dr. J. G. Carpenter of this city, as County Health Officer for the next two years. Dr. McCormack's letter tells of the high esteem in which the local physician is held. It follows:

Bowling Green, Jan. 30, 1917. The Lincoln County Board of Health, Stanford, Ky.

Gentlemen:—I desire to congratulate you and the good people of Lincoln county over the re-election of Dr. J. G. Carpenter as County Health Officer for the next two years. We have many men earnestly engaged at great personal sacrifice in efforts to protect the health and lives of the people from preventable sickness, but in no other county has this been done more efficiently than by Dr. Carpenter. The death rate from Typhoid Fever, while still too large, has been cut down thirty-seven per cent in Kentucky within the six years the Vital Statistics law has been in operation, and the economic saving to the people from this one disease has been far more than has been spent by the State and all the counties in health work during that period, and nearly as good work has been done in preventing diphtheria, scarlet fever and similar diseases.

Hoping that Dr. Carpenter will have the full cooperation of every family in your county in the life-saving work in which your Board is engaged.

I am very respectfully,
J. N. McCORMACK, State Sanitary Inspector.

Politicians Were Busy

But Cattle Rather Dull At Lancaster Monday—Court Day

January Court Day in Lancaster, was not very largely attended Monday. The crowd which was small was quite a busy one and made business good. There were about 50 head of mules on the market and those sold brought exceptionally good prices. The cattle were very scarce at the Ross Stock Yards for the first time in a number of court days.

Politics seemed to be of more interest than live stock to the majority. Attorney Jay Harlan, of Danville, candidate for Senator, was there with quite a number of boosters from Boyle county shaking hands with the voters. Attorney H. Clay Kauffman, of Lancaster, who is also a candidate for the same office was also very busy all day.

Quite a bit of interesting Garrard county politics was heard during the day. It was rumored that the sheriff's ticket now in the field composed of Arch K. Walker with V. A. Lear as deputy, is to have opposition with a team made up of W. L. Lawson and G. T. Ballard, which would prove a strong combination, and make the race a very interesting one.

Following are a few sales made during the day: George A. Swinebrow sold a pair of four-year-old mules to George Brown for \$450; Archdean Bradshaw sold a bunch of 25 sheep to Tom Traylor of this county at \$15.25 per head; Dick Gentry bought of John Rich, of Lower Garrard a pair of mules for \$450; Center Bros., sold to Dick Gentry, of Boyle, a mule for \$215; John D. Rich, sold six mules to Dick Gentry, of Boyle, for \$450; H. B. Cox, of the hemp man, of Garrard county, bought 30 head of 78-pound hogs of John M. Cress, of the Preachersville section, at 8 1-2 cents a pound; Robert Embury sold a mule to Clay Clarke for \$155; W. B. Burton bought three mules at an average of \$140 a head. Mr. Burton sold seven head of mules to different parties at from \$150 to \$200.

DUNN AND ELKIN AFTER IT

Much interest will attach up in this end of the state to the election of the new State Fair Secretary by the State Board of Agriculture which meets tomorrow to fill the vacancy caused by the death of the late Secretary W. J. Gooch. The names of Col. Ike Dunn, of Danville, and Bob Elkin, of Lancaster, are mentioned in the city papers as being "considered" for the place which pays \$2,500 a year. Others mentioned also are Joseph C. Van Meter, of Lexington; E. M. Hutcheson, of Henderson, W. A. Dickerson, of Trenton; J. T. Bradshaw, John Lee, of Shelbyville; Smith T. Bailey, Fount Kremer and Charles W. Milliken, of Louisville.

LYONS—HILTON

Rev. D. M. Walker, of this city, said the words Saturday afternoon which united the hearts and hands of Miss Olive Lyons and Willard Hilton, at the bride's home on Hanging Fork, off the Danville pike. The ceremony was performed in the presence of only a few friends and loved ones. The bride is the attractive young daughter of Mr. and Mrs. C. S. Lyons, while the groom is a splendid young man, the son of Mr. and Mrs. J. H. Hilton. They have many friends who will extend heartiest congratulations.

ARE YOU
GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer.

"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality."

The farmer looked at the merchant a moment and then said: "Why don't you patronize your home paper and advertise? I read it and didn't know that you had this stuff I have here."

MORAL—ADVERTISE

Lancaster

Miss Mattingly, of Lebanon, is the attractive guest of her friend, Miss Annie Margaret Elkin.

C. M. Thompson was a visitor in Stanford Sunday.

Emmett Broadus returned home Sunday evening after a visit to friends in Lexington.

Val Cook entertained a number of his friends by a sleigh ride Friday night.

Sells Puritan—W. O. King bought Saturday the "Puritan" of J. S. Haselden and C. B. Acton.

Mrs. J. A. Amons Entertains—The Christian Endeavor social and business meeting given by Mrs. J. A. Amons, was well attended and a lovely evening spent. After several hours of sociability the C. E's. were called together by Mrs. Amon to elect officers for the ensuing year. The following officers were elected: President, G. B. Carrier; Vice President, Miss Irene Aldridge; Secretary and Treasurer, W. F. Miller; Recording Secretary, Val Cook. Hot chocolate and cakes were served after which the visitors left for their home much in their praise for the hospitality of Mrs. Amon.

Pruitt—Mr. John Pruitt, who lives on the Lexington pike about five miles from Lancaster, died at his home Friday morning after a week's illness of pneumonia. Mr. Pruitt was 50 years of age, and was a member of the Baptist church. He leaves his wife and one child, two brothers and four sisters to mourn his tender loss. After services at the Fork church Sunday morning by Rev. Mhan, his remains were laid to rest in Lancaster cemetery.

School News—Although the first part of last week was pretty bad for the children to go to school, only a few were absent. The snow in many places of the county was drifted so it was impossible for the country children to get to school. Just a half session was held Monday, Tuesday and Wednesday. School was held on Thursday and Friday. This speaks well for Prof. Hopkins of the L. H. S., as most all the schools in the surrounding towns were dismissed for the week.

Literary Society—The Literary Society of the L. H. S. elected Owen Hendren, president; Clayton Morrow, vice president; Hudson Frisbie, secretary and treasurer. The society meets each Friday evening.

Court Day—Monday was county day and only a few people in town. There were about fifty head of cattle on the market, and only a few changed hands. A good many mules were on hand and what were sold brought good prices.

Jay Harlan was in town Monday but "Senator" Knuffman, "shook hands" with a good many more voters than our honored guest.

Miss Emma Hays of the I. J., of Stanford, was in town Monday in the interest of that good paper.

L. D. ROUSSEAU DEAD

News has been received here, from Phoenix, Arizona by relatives and friends of the recent death of L. D. Rousseau, a former resident of this county. Mr. Rousseau died last Saturday of acute indigestion after an illness of five hours and his death was a great shock. He was about 62 years old. Deceased is survived by one son, William Rousseau, who married Miss Mary Rankin, of the Hubble section. The interment took place at Phoenix.

Here, There, Everywhere

The Pineville Citizen says that wild cats are becoming numerous in the game reserve. The keeper has killed five fine specimens in the last few weeks, the largest weighing 40 pounds.

Samuel Smiley, a Syrian peddler, who was killed and robbed near Raleigh, W. Va. was buried at Ashtand with the Mohammedan funeral service. More than 100 Mohammedans were present at attend the service. Smiley was 19 years old and had been in this country three years. The Syrian who attended the funeral all came from Damascus or Jerusalem, near where young Smiley was born.

BAD HABITS

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

WALKER CALLED TO SHELBYVILLE

Pastor of Stanford Christian Church Notified And Takes Matter Under Consideration

Rev. D. M. Walker, pastor of the Stanford Christian church, and one of the best known ministers of this denomination in Central Kentucky, has been called to the pastorate of the Christian church at Shelbyville. Rev. Walker was notified by telephone Sunday afternoon of the action of the Shelbyville church. He said Monday that he would give the matter earnest and prayerful consideration and answer the Shelbyville people within the next few days. A dispatch from Shelbyville to the Courier Journal Monday told of the call, as follows:

Shelbyville, Ky., Jan. 21—The congregation of the Shelbyville Christian church this morning extended a unanimous call to the Rev. David M. Walker, who has been the pastor of the Christian church at Stanford for ten years. Mr. Walker is 38 years of age and has a wife and two daughters. The Shelbyville church has been without a pastor since September, when the Rev. Homer W. Carpenter resigned to become chancellor of Transylvania University at Lexington.

Speaks Here Wednesday

Miss Mary E. Sweeney To Talk At Courthouse On Domestic Science

Miss Mary E. Sweeney, of Lexington, will deliver a lecture on Domestic Science in the court room Wednesday afternoon at 2:30 o'clock. Miss Sweeney is dean of the Home Economics Department at State University and Chairman of this Department in the State Federation of Women's Clubs. She is well known here, having lectured here on former occasions. The Woman's Club is fortunate in having such an interesting speaker on its program and is sure that a lecture of this type will be instructive to everyone. The public is cordially invited to attend.

WANT LOANS IN PULASKI

At Somerset Saturday the Pulaski County National Farm Loan Association was organized with thirty-five members subscribing \$49,700. Joe H. Gibson, banker and farmer, was elected president; Sam Bryant, vice president; R. B. Waddle, secretary and treasurer. The following directors were elected: Sam Bryant, Joe H. Gibson, A. J. Crawford, W. C. Schoolcraft, B. C. Waws and H. M. Wright. The Loan Committee is composed of A. J. Crawford, B. C. Waws W. C. Schoolcraft. A great number of farmers who were unable to get to town have signified their intention of joining.

WILLIS GOES TO DANVILLE

W. R. Willis, who has been in the grocery and meat business here for several years and recently sold out to E. C. Walton, is moving to Danville, where he has accepted a good position with C. R. Martin. Mr. Willis has made many friends during his stay here by his honest and fair dealings and there is general regret that he and his family are leaving Stanford.

L. & N. Uses Electricity

Electric headlights are making their appearance on the locomotives of the Louisville & Nashville railroad. They have been added to several of the big engines of the road as rapidly as possible. Engines sent into shops of the company for repair are not sent out again until they are stripped of the old oil burners and in their places are placing the latest improved electric headlights. It will only be a matter of a short time until all the engines on every division of the road, both freight and passenger will be equipped with the electric appliances.

Heard About Town

L. B. Givens, of Harrodsburg, brother of B. W. Givens, of this county, proved himself a man of rare presence of mind last week. The Harrodsburg Herald tells of it as follows: On Sunday morning as Mr. L. B. Givens was on his way to church he noticed that a passing engine on the Southern Railway had shoved the snow under the slabbing at the Main street crossing, causing it to push up. As it was nearly time for the passenger train from Louisville to pass he hurried into the residence of Miss Nannie Staggs and telephoned the depot and workmen were promptly sent to attend to the matter. But for the thoughtfulness of Mr. Givens the next train passing would probably have been derailed.

Well, what do you think of this?
Former State Senator U. S. McNutt
is a candidate for one of the Com-
missionerships of Jefferson county.

McNutt is the only surviving member
of the quartet of traitors of the Brad-
ley-Beckham senatorial race of 1908.

It's coming as sure as the state-
wide prohibition, which almost ev-
eryone concedes is on its way. The

HERE IS WEATHER

(New York Sun)

In many places spring will begin
January 26, 1917, and in most places
February 17. From then until April
20 the weather everywhere will be
unusually warm and dry; caused by
Saturn and Neptune forcing the
earth against the sun's repelling
force, as Jupiter forced it last fall.
About April 25 or 26 and May 16 or
17 the cool changes may injure fruit
and early vegetation in some locali-
ties. There will be sufficient rain in
most localities from April 20 to
October 1 to make a splendid season
for agriculture and in the Southern
Hemisphere there will be sufficient
rain to make a still better growing
season from September 1, 1917, to
February 1, 1918. The year 1918
will be a natural year. With few ex-
ceptions the temperature and rain-
fall throughout the world will be al-
most normal, or the weather gen-
erally due in most localities during
every month of the year.

Don't Scold, Mother! The Cross Child Is Bilious, Feverish

Look At Tongue! If Coated, Clean
Little Stomach, Liver,
Bowels

Don't scold your fretful, peevish
child. See if tongue is coated; this is
a sure sign its little stomach, liver
and bowels are clogged with sour
waste.

When listless, pale, feverish, full
of cold, breath bad, throat sore, does
not eat, sleep or act naturally, has
stomachache, indigestion, diarrhoea,
give a teaspoonful of "California
Syrup of Figs," and in a few hours
all the foul waste, the sour bile and
fermenting food passes out of the
bowels and you have a well and play-
ful child again. Children love this
harmless "fruit laxative," and moth-
ers can rest easy after giving it, be-
cause it never fails to make their lit-
tle "insides" clean and sweet.

Keep it handy, Mother! A little given
today saves a sick child tomorrow,
but get the genuine. Ask your drug-
gist for 50-cent bottle of "California
Syrup of Figs," which has directions
for babies, children of all ages, and
for grown-ups plainly on the bottle.
Remember there are counterfeits
sold here, so surely look and see that
yours is made by the "California Fig
Syrup Company." Hand back with
contempt any other fig syrup. 7-1

Eubank

SEVERANCE & SON, Stanford

TANLAC CHEERS ELDERLY COUPLE

Pulls Them Out of Despair of Health Worries.

Mr. and Mrs. Jens Jensen, West Park, O., nearing their eightieth milestone, are happy and contented and have a brighter outlook on life than many a younger couple.

During the past three years they were far from happy, and Mr. Jensen relates how they overcame their worries.

"I am 79 years old, and for the last three years my wife and I suffered so severely that life no longer seemed worth living," said Mr. Jensen. "My wife was worse off than I was. A great deal of time she was unable to move on account of aches in her limbs, back and shoulders. The little she ate disagreed with her, and she was in constant pain. My condition was about the same as hers. The only thing we had to look forward to was the day when our worries would cease."

"We decided to try Tanlac because we heard how it had helped so many. Now my wife can eat anything without feeling the least distress. Instead of lying in bed because of aches and pains, she gets up, dresses herself, and does the house work—thanks to Tanlac."

"Tanalac helped me as much as it did Mrs. Jensen, and I would feel ungrateful if I didn't say so."

Tanalac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanalac can now be obtained in following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

Farm and Stock News

James H. Woods sold an extra nice pair of four-year-old horse mules to J. A. Freeman north of town for \$400.

W. H. Brown, Master Commissioner of Garrard county, sold there Monday a 15-acre farm to Morris Wheeler for \$762.50.

R. E. Gaines, east of town, sold to B. W. Gaines, of the same section, a five-year-old horse mule last week for \$175.

Harris & Woods, of this city, sold 5,300 pounds of tobacco on the Danville market late last week. The weed brought them an average price of \$17.40 a hundred pounds.

W. B. Burton, the great mule buyer of Lancaster, recently sold a car load of mules to R. H. Best, at Warsaw, N. C. There were 25 mules in the shipment and they brought an average of \$185.

The Harrodsburg Herald says that Cell Coleman sold a Chattanooga mill 5,000 bushels of wheat at \$2 a bushel. T. H. Coleman also sold the same party 4,000 bushels at the same price. Bonta Bros. sold 5,000 bushels to the two Harrodsburg mills at \$2.

J. B. Cornn, manager of the Lancaster Telephone Company, was in Stanford Saturday returning from London and other points in the mountains where he had been on business. While there he bought a pony for \$65.

J. P. Turner sold to Joe Gill, a farm in Garrard county, containing 125 acres at \$60 an acre. The farm lies just across the river at Sanders' ferry. Mr. Gill recently disposed of his farm near Mt. Lebanon, and will remove to his new purchase some time in March.—*Jessamine Journal*.

Joe P. Chancellor bought a nice pony for his children to drive to school from Will Cordier late last week. The little fellow is a coming four-year-old horse pony, and cost him \$125. From Henry Catron, of the same section, he bought a nice milk cow for \$50.

Hall's Gap

Owing to extreme bad weather we were unable to have any services at Fair View last Saturday and Sunday, however we hope to doubly enjoy the sermons of our next meeting.

We have experienced the deepest snow that has fallen for many years. The roads were almost impassable and very little traveling could be done, and the farmers are certainly getting to enjoy their families' presence.

Mrs. Laura DeBorde and two children, James and Mabel spent Sunday afternoon and took supper with her brother, John A. Carter and family.

Mrs. Ike Elliott continues very ill at the home of her daughter, Mrs. Delle Hale, where she has been for some time.

Mrs. Robert Vanhook has been the guest of Mrs. John J. Carter for the past week while Mr. Vanhook is in Danville attending to financial affairs.

Mrs. Mary J. Carter was the pleasant visitor of her son, Mr. Jim Carter and family Sunday afternoon and evening.

Little William Dawes, son of Mr. and Mrs. C. L. Dawes is suffering with a very severely burned hand.

Mr. Bob Henson has returned home after spending several weeks in Richmond. It is reported that he will move his family there.

Kin Folks And Friends!

I have ten fingers and ten toes. I can count that much, but I just can't count all my good friends down South here—they are far too many.

And I'm mighty proud of them. The men who make me, say you can tell real quality by the company one keeps.

Blood will tell. A good name and good breeding count most of all.

And that same, I reckon, applies to cigarettes, too. More and more gentlemen of the South are smoking me, SOVEREIGN, every day, because they know I come from good old Virginia and Carolina stock—the finest, grandest stock in all the world.

Quality is the thing, friend—you can't deny it. And I stand for Quality.

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

That's why I am so loved among you all down here. So I am proud to say—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.
